M-F 10:00 am – 5:00 pm SAT 10:00am – 2:00 pm
Other times are available by Appointment

Guide to Interior Doors & Hardware Replacement

Please understand this guide is designed to assist you in gathering **general** information and **rough measurements**. If you decide to move forward with a project a representative of Aspen River Wood & Glass Co. will schedule an onsite visit to take exact measurements and confirm all project components.

Interior Doors:

1. How many interior doors do you have? When counting separate doors into the following categories:
 - Single Doors
 - Double Doors
 - Bi-Fold / Bi Pass Doors
 - Pocket Doors
2. What is the height of these doors (typical sizes are 80", 84", and 96")?

Hardware:

1. How many interior handles/knobs do you have? When counting separate handles/knobs into the following categories:
 - Handles/Knobs that lock (privacy)
 - Handles/Knobs that don't lock (passage)
 - Handles/Knobs that don't operate (dummy)
2. How many cabinet knobs do you have? When counting separate into the following categories:
 - Pulls
 - Knobs

If you can remove one of each of the knobs/pulls you are interested in replacing and bring it with you to the showroom it's extremely helpful!

For both of these projects it's good to take a few pictures of the interior of your home so we can get a feel of your unique architectural style!
